

Investment sale: Quantum 245, Tamworth

Process letter and invitation for best and final offers, Round 2

Strictly private and confidential. Subject to contract.

Issued by: Adam Moore, Director, acting as sole agent for Helix Real Estate Partners LLP ("the Vendor") **Date issued:** 28 April 2026 **Best and final deadline:** 12:00 noon, Thursday 30 April 2026 **Mandate reference:** HELIX-2026-007

To the shortlisted parties,

Thank you for your offer in the first round for the freehold interest in Quantum 245, Birch Coppice Business Park, Tamworth B78 1SE. The first round was competitive, attracting five offers in the range £52,000,000 to £54,500,000. You have been shortlisted and the Vendor now invites your best and final offer.

1. What the Vendor is seeking

The Vendor will select a preferred bidder on the combination of price and deliverability, not on price alone. Your best and final offer should therefore:

1. State your **best price** as a capital sum and the implied net initial yield (the passing rent is £2,832,500 per annum).
2. Be **unconditional and subject to contract only**. Any residual condition (for example board or investment committee approval) must be cleared by the date of your offer or carry a committed clearance date.
3. Evidence **certainty of funding**. Equity bidders should confirm funds are available and committed; debt-backed bidders should confirm credit approval status and provide a supporting letter.
4. Confirm the **deposit** at 10% on exchange, held as stakeholder.
5. Set out the **fastest deliverable timetable** to exchange and completion, including confirmation that solicitors are instructed and ready.
6. Confirm the transaction proceeds as an **asset purchase on a TOGC basis**.
7. Identify the **contracting entity and ultimate beneficial owner** and confirm readiness to satisfy anti-money-laundering checks.

Bidders are encouraged to minimise conditionality and outstanding due diligence, as deliverability will weigh heavily in the Vendor's decision.

2. Submission

Best and final offers must be submitted in writing by email to Adam Moore (arcmoore@gmail.com) by the deadline above, marked "Quantum 245, Tamworth, best and final". This is intended to be the final round; bidders should assume there will be no further opportunity to improve their offer.

3. Next steps

Following the deadline the Vendor intends to select a preferred bidder, grant a short period of exclusivity, and issue Heads of Terms for the parties' solicitors to settle. Unsuccessful bidders will be notified promptly.

4. The Vendor's position

The sale remains an informal tender. The Vendor is not bound to accept the highest or any offer, may negotiate with one or more parties, and reserves the right to vary, suspend or terminate the process and to withdraw the Property at any time. No abortive costs will be reimbursed. Each party bears its own costs. This letter is issued subject to contract, is not an offer capable of acceptance, and forms no part of any contract. The terms of the process remain confidential and subject to the executed non-disclosure agreement.

Yours faithfully,

Adam Moore Director, sole selling agent for Helix Real Estate Partners LLP

Demo placeholder, fictional deal, not a real invitation to bid.
